

# Dual Enrollment

Earn college credit **now** at SES, and be prepared **before** college.

**Fully Online or Live Streamed | High School Juniors/Seniors | Six Available Courses**

Dual enrollment programs are collaborative efforts between high schools and colleges in which high school students are permitted to enroll in and earn credit for successfully completing college courses. This means that high school students can earn college credit while concurrently fulfilling the requirements of their high school diploma. Students are challenged intellectually and academically with a college-level education without interrupting normal high school activities. *Learn more at [www.SES.edu/academics/dual-enrollment](http://www.SES.edu/academics/dual-enrollment) or contact Dianna Williams at [dnewman@ses.edu](mailto:dnewman@ses.edu) or (704) 847-5600 x216.*
