

EXCITING NEW ENGLAND MINISTRY & TRAINING OPPORTUNITY

Associate Pastor/Teacher Position with Part-Time Residency in Apologetics

The **Monson Community Church** and the **AIIA Institute** are inviting qualified candidates to apply for a term of Christian ministry, training, and experience in a delightful north woods New England village situated by the shores of Lake Hebron in north central Maine.

The ideal candidate will be a committed follower of Jesus Christ with a heart for New England, semi-retired or bi-vocational, and possess some home-improvement skills. He will be prepared to connect with educated middle class families and consult with current church leaders in growing the local church, while concurrently training/working with an established apologetics ministry.

The successful candidate will be provided free housing — with all utilities (heat, power, water, phone) fully covered — in a beautiful two-story turn-of-the century Parsonage. After a one-year term of service and evaluation there will be the possibility of extending the arrangement indefinitely, with other benefits or forms of compensation being added.

Monson, Maine, has a unique 200-year history as a base for tourism, slate mining, and furniture manufacturing. It is now home to a slate products company, three restaurants, an Arts Center, a health clinic, a newly-renovated General Store, a convenience store and fuel station, lodging for hundreds of Appalachian Trail hikers who pass through town every year, and a post office.

There are many options for fishing, hiking, kayaking, and snowmobiling in the area.

The successful candidate will be granted opportunities for preaching, teaching, and visitation in service with the church, training, study, and itinerant speaking opportunities with the apologetics ministry (which operates independently of the church), and other involvement in the community.

The **Monson Community Church** is affiliated with the **Evangelical Free Church of America**, the faith statement of which we would expect the candidate to affirm if and when accepted.

The **AIIA Institute** has been promoting and practicing Christian apologetics for nearly 30 years. Its library, classroom, and offices are housed in an old Swedish Lutheran church building in Monson that is listed on the **National Register of Historic Places**. See AIIAIInstitute.org for more information.
